

Northville Residents Take Action!

Help **STOP** the **ANNEXATION** of Northville Land to Livonia

What can you do?

1. Become Informed

- The developers refused to abide by Northville Townships zoning laws and guidelines
- The developers placed 7 people on the property (Northville Psychiatric Hospital – on Seven Mile) who then registered as Northville Township voters
- These people petitioned Livonia to annex the 412 acres of Northville Township land to Livonia
- Only residents of Livonia and the 7 people vote on this issue
- All property **tax revenue** will be directed to Livonia
- Northville Township will have to live with the problems associated with the toxic clean-up, construction, traffic congestion and possibly building a new school

2. Educate Livonia Residents

- Livonia will **incur millions** in clean-up and infrastructure costs, regardless of what the politicians say
 - **Utilities** (water, sewer, electrical) need to be brought to the site, plus **fire and police** and **road expansion** at Livonia's expense
 - Livonia will be responsible for the **brown-field clean up**
- 7 Mile and Haggerty will become Michigan's most congested intersection per 3rd party study
- New mega retail (i.e. Walmart, etc.) will wipe out Laurel Park Place Mall and other Livonia retail

3. Be an activist

- Register on-line @ www.stopannexation.com and volunteer
- Make a donation: P.O. Box 425, Northville, MI 48167
- Ask Livonia to **VOTE NO** on the annexation August 5th

Together we can make a difference!
